

Forever Marine Collagen

FOREVER

QUICK FACTS

What if you could boost your confidence and really love the skin you're in?

Packed with vitamins, collagen and a cocktail of essential nutrients for the body, **Forever Marine Collagen** enhances your skin's natural beauty and works wonders at any age. Adding it into your daily routine will promote collagen formation for the normal function of skin, as well as mean you can experience glossy hair, beautiful nails, regained tone and an incredible glow.*

The highly concentrated liquid formula uses a scientifically advanced marine collagen base; one that's more bioavailable and easily broken down by the body when compared to other forms. Simply drink one sachet a day – either pure or mixed with water or aloe vera – and it will provide everything you need to look and feel great.

Includes Type 1(i) Collagen that is found throughout the body

*Contains no genetically modified ingredients

Forever Marine Collagen brings you 3000 mg of highly bioavailable liquid premium collagen and a complete mix of pure and essential antioxidants, vitamins, minerals and botanicals, including green tea, Goji extract, acerola, vitamins A and C, biotin, Coenzyme Q10 and zinc.

*Vitamin C contributes to normal collagen formation for the normal function of skin, blood vessels, bones, cartilage, teeth and gums, vitamin A contributes to normal skin and zinc contributes to normal protein synthesis, bones, hair, nails and

skin. In addition, biotin helps maintain normal skin and hair.

For anyone and everyone, **Forever Marine Collagen** is made for those who want to take care of their skin from the inside out.

HOW DOES IT WORK?

Marine Collagen

Hydrolysing the collagen involves breaking it down into tiny constituent parts, known as collagen peptides, which are even easier for your body to absorb.

Biotin

Biotin (also known as vitamin B7) is very popular in a range of beauty supplements. And it's easy to see why, thanks to helping support healthy hair and skin.

Vitamin C

A powerful antioxidant, vitamin C contributes to healthy collagen formation for the normal function of the skin, cartilage, bones and teeth.

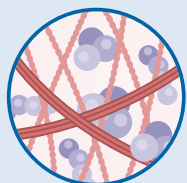

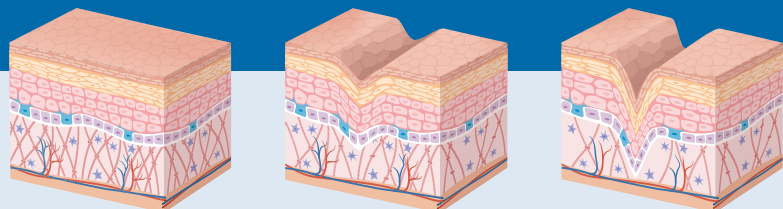

Zinc

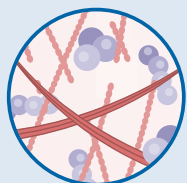

A fantastic all-rounder offering several key benefits, zinc is an antioxidant that's great for your skin, hair, nails and bones.

COLLAGEN IN THE BODY

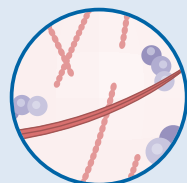

Collagen is one of the most important structural proteins found in the body. But unfortunately, synthesis decreases over time and starts its decline from as young as 25. After the age of 40, we lose up to 1% of collagen every year. And what's the result? Our skin relaxes, our hair becomes thinner, nails are more brittle and cartilage deteriorates.

Ensuring the highest quality.

We own numerous patents for the stabilisation of aloe vera, which assures you of the highest quality aloe vera-based health and beauty products. Our aloe vera products were the first to receive the International Aloe Science Council Seal of Approval for consistency and purity. Many of the products also feature the Kosher and Halal seals of approval. Forever does not test its products on animals.
